A NOTE ABOUT TRYOUTS: In the past there has been word spread that many of our spots for our teams are given out prior to tryouts. We wanted to address this. The practice of offering spots prior to tryouts is not one that is confined to Xceleration. MANY clubs have this practice whether they choose to talk about it or not. At Xceleration, we have always chosen to be up front and open about it.

That being said... Yes, we do offer “some” spots on our Blue teams to players who have attended our clinics prior to tryouts. Our teams are by no means fully committed prior to tryouts and there are always spots open on all our Blue and White teams at tryouts. Everyone who attends an Xceleration tryout will be given a thorough and complete evaluation and a competitive opportunity to be offered a spot on our teams. If you have any concerns about this, please talk to us directly at Tryouts.

IMPORTANT NOTE: Please do not leave the premises until your daughter has had the chance to meet and talk to her potential coach(es) to determine where she stands on the team and hear the next steps regarding the team’s selection process. Coaches will offer spots to players/parents before Signing Night to get commitments.

COACHES: Much of what makes up our club is the result of our tremendous coaching staff. They are skilled volleyball players and coaches who are trained by the Xceleration staff in the methods that we want them to develop in our players. In addition, we make sure to only employ coaches that are being good role models on and off the court. We have very high standards for our staff that ensures that your daughters are being taught good life lessons both in and out of competition.

There is more to being a good coach than just an extensive knowledge of the game – you also have to be able to teach the girls how to effectively identify and work towards goals. We make sure to have coaches that not only preach it, but they live their own lives by it.
